

LEGISLATURE TO ADJOURN WITHIN A WEEK

HALF DOZEN

PROBLEMS ARE STILL UNSOLVED

INCLUDE CONSERVATION AND REFORESTATION MEASURES

REFUNDING PLAN FOR COUNTY HIGHWAY REIMBURSEMENT BONDS, ETC.

By HECTOR PERRIER (United Press Staff Correspondent)

St. Paul, April 18.—With the end of the 46th Minnesota legislature less than a week away, a half dozen problems of major importance still remained today to be solved.

These projects included: Conservation and reforestation. A refunding plan for the county highway reimbursement bonds. National bank taxation. Department appropriations. Gasoline taxation.

One other widely discussed proposal—the Dunn cigarette tax bill—virtually was given a last fatal blow late Wednesday when the senate voted 36 to 29 against making the measure a special order. The bill, as approved by the house, would have imposed a 2-cent tax on cigarettes and a 1-cent tax on cigarette papers.

The conservation and reforestation program drawn up by the Minnesota reforestation commission and stamped with the approval of the house today awaited action in the senate where the plan was sharply opposed and withdrawn last week.

Two of the principal items of the plan call for the establishment of a conservation commissioner who would be in charge of the various natural resource departments of the state, and the creation of state forests in northern Minnesota to help several tax ridden counties there out of the mire of financial dependency.

The upper house late today was scheduled to again take up the bill on a refunding plan for the county reimbursement bonds. Some time ago the senate passed a bill which provided for the refunding of \$19,000,000 in bonds which fall due in 1929, 1930, 1931 and 1932 but the house on Wednesday amended the bill so as to pay the bonds for the first two years of the highway department sinking fund and refund the 1931 and 1932 bonds.

The senate also had before it a group of bills, already passed by the house, which would permit this state to levy a "fair" tax on national banks and other institutions in competition with banks.

The fight over department appropriations seemed destined to be carried up to the hour of adjournment since the senate, under the leadership of Senator A. J. Rockne, Zumbrota, insisted that nearly \$44,000,000 would be necessary to operate the state government during the coming biennium while the house, under Rep. R. W. Hitchcock, Hibbing, has approved appropriations of \$41,500,000.

The house figures are believed acceptable to Governor Theodore Christianson and since he still has his veto power it was assumed the senate would pare its own bills to the same level as the house.

A bill which would provide an increase from the present 2-cent tax on gasoline to 3-cents was expected to be passed without serious opposition by the senate. The bill already has passed the house.

It also was expected that the senate would pass the bills designed to strengthen the state enforcement laws. Chief among the bills as passed by the house were those which would increase the penalties for "repeaters" somewhat in line with the federal Jones law.

Despite the apparent jam in the senate, it was generally agreed that most of these problems would be satisfactorily disposed of before adjournment next Thursday.

PROSECUTOR LATE: 120 DEFENDANTS ARE DISMISSED

Kansas City, Mo., April 18.—(UP)—Because of bumpy streets, the bus was late, because of the bus, the city prosecutor was late, and because of lack of a city prosecutor, Judge Carlin P. Smith dismissed 120 defendants today in the north municipal court.

As defendants and bondsmen fled out shouting whoopee, Neal Ross, prosecutor, arrived to tell Judge Smith he had exceeded his prerogative. The judge claimed Ross was "continually late" and needed a lesson.

MAY LOSE POSITION AS CHAIRMAN OF BOARD OF SINCLAIR OIL CORPORATION

New York, April 18.—(UP)—Reports persisted in financial circles today that Harry F. Sinclair, under sentence to three months in jail for contempt of the senate, would be ousted from his position as chairman of the board of the Sinclair Consolidated Oil Corporation.

The rumor was without verification from any source close to Sinclair. Martin W. Littleton, the oil man's attorney, said Sinclair's position in the corporation had not been changed, but refused to discuss future plans of his client.

Wall street also heard rumors that Col. Robert W. Stewart, recently displaced as chairman of the board of the Standard Oil Company of Indiana, would be elected to Sinclair's post.

MUNICIPAL JUDGE COMPLIMENTS CITIZEN FOR SPIRIT SHOWN

Elgin, Ill., April 18.—(UP)—A tired, dusty negro limped into the courtroom of Municipal Judge Frank E. Shopen as the court clerk was preparing to list an absent "John Edwards," called for jury service.

"Here I am, sir," the negro said. "Don't you know you are an hour late?" he was asked.

"Your honor," Edwards replied, approaching the bar, "I apologize for being late. I tried hard to be on time. I started at 3 o'clock this morning and came those 22 miles here from my home in Aurora as fast as I could."

"How did you come?" Judge Shopen asked.

"I walked, your honor. I've been out of work for a long time, and I didn't have ten cents for the trolley car."

"Edwards, you are a good citizen. I want to shake your hand."

And as he shook hands with the tardy jury man, Judge Shopen instructed his clerk to pay Edwards the \$2.20 mileage customarily paid jurors who came from adjoining towns, and \$5 for his time.

Export Debenture Plan Aims to Give Farmer Bounty of Half Tariff Duty on His Export

AMENDMENT INTRODUCED TO THE SENATE

CHAIRMAN McNARY OF SENATE AGRICULTURE COMMITTEE SPONSORS IT

PRES. HOOVER SILENT ON PLAN AND THE HOUSE HAS IGNORED IT

Washington, April 18.—(UP)—The export debenture plan which would give the farmer a bounty of half the tariff duty on his exported products was included in the farm relief bill introduced in the senate today by Chairman McNary of the senate agriculture committee.

While President Hoover has been silent on the plan and the house has ignored it, McNary has revealed that his committee is prepared to adopt it in the administration's general cooperative marketing bill.

The remainder of the bill as introduced varies but little from the bill brought up for consideration in the house today. Its chief difference is that it would authorize a federal farm board of 12 members while the house would provide a board of six members.

It follows the recommendations of the president's message in authorizing the board to administer a revolving fund of \$500,000,000.

The board would lend necessary sums to co-operative marketing organizations and a stabilization corporation, \$25,000,000 for the capital stock of the stabilization corporation, \$375,000,000 if necessary for buying and storing surpluses, \$50,000,000 to co-operatives for acquiring storage and other facilities, \$25,000,000 to enable co-operatives to advance its members up to 85 percent of the market value of commodities when sold and \$25,000,000 for insurance.

These loans would bear four percent interest.

The debenture amendment authorizes the board to instruct the secretary of the treasury to issue export debentures whenever it sees fit. The debenture would be a certificate, the value of which would amount to one-half the rate of duty in effect upon any given commodity except cotton, upon which the debenture rate is set by the bill at 2 cents a pound.

It would be issued to any farmer, value would be computed from the co-operative or exporter and its amount of the product being exported. For instance, a farmer exporting a bushel of wheat would receive a debenture certificate for 21 cents which is half of the present duty on wheat.

The certificate would be redeemable by any collector of customs in payment of duties on products imported by the bearer.

MEXICAN FEDERALS NOW ADVANCING TOWARD SONORA

HAVE HOPES OF ENGAGING THE REBELS IN FINAL BATTLE OF INSURRECTION

MINISTER OF WAR CALLES NOW OCCUPYING SAN BLAS, SINALOA

Mexico City, April 18.—(UP)—Nearly all of Mexico's organized federal forces were advancing toward Sonora today in the hope of engaging the rebels in the final battle of the current insurrection, it was reported here.

Minister of War Calles occupied San Blas, Sinaloa, after the rebel evacuation and took personal command of the federal army in its pursuit of the rebels in their northward retreat. Federal aviators reported that the rebel retreat was slow, with the result that their rear guard was only 70 miles ahead of the federal troops.

Calles ordered General Almazan, who was in charge of the successful federal operations before Jimenez and Reforma, to make a forced march from Chihuahua to Sonora and attack the rebels.

Calles increased Almazan's command to engage the insurgents in what looked to federal officials as the last stand of the revolution.

Government officials said there was general discontent in the rebel army, particularly among the junior officers.

JUDGES' RETIREMENT BILL AMENDED TODAY

LAW BUT 2 DAYS OLD CHANGED BY THE MINNESOTA HOUSE

St. Paul, April 18.—(UP)—A law but two days old was amended by the Minnesota house today.

The measure signed Tuesday by the governor provided for the retirement on half pay of judges of the supreme and district courts when they had reached the age of 68 years and had served 23 or more years on the bench.

The amended bill provides full pay for eligible judges in the event of illness and half pay to others and contains a clause which makes judges who have attained the age of 75 years and who have served 10 years or more on the bench also eligible for a pension.

Judge W. S. McClenahan, Brainerd, whose term expires in 1931, is one of the Minnesota jurists who will be affected by the amended bill.

Detroit, Mich., April 18.—(UP)—The three-story brick house in which Col. Charles A. Lindbergh was born here has been purchased by the Swedish Engineering Society of Detroit and is to be preserved as a memorial to the famous flier.

Announcement of the purchase was made today by Carl B. Parsons, chairman of the ways and means committee of the society.

PROBE MYSTERY DEATH OF MARSHAL AT SAUK CENTER

APPARENTLY CONVINCED "3 MYSTERIOUS STRANGERS" NOT RESPONSIBLE

LIFELESS BODY OF G. F. ROSENBERGER FOUND IN JAIL BY HIS WIFE

Sauk Center, April 18.—(UP)—Apparently convinced that "three mysterious strangers" were not responsible for the fatal shooting here Wednesday of G. F. Rosenberger, 68-year-old night marshal, Stearns county authorities today continued their efforts to learn how the officer had met his death.

Rosenberger's lifeless body was found just after 7 A. M. by his wife, who with a neighbor man named Winstead, had gone to the town hall to learn why the marshal had failed to go home for breakfast.

The marshal had been shot through the head, evidently an hour before, but the size of the wound and its position at once led officers to discount the theory that he had shot himself with his own gun.

Suspicion was then directed toward the "three strangers" who were reported to have asked a garage man at 4:30 A. M. where they might find the marshal.

It was later revealed that the garage man was a comparative newcomer to Sauk Center and therefore did not recognize the "strangers" who were later learned to be impeccable citizens.

Chief of Police Miller with the assistance of Sheriff Schoener of St. Cloud and Deputy Coroner Moynihan then started to run down other possible clues but shortly after noon today had not made known what they had found if anything.

An inquest was called for this afternoon.

Meanwhile a Twin City shooting arm expert was said to have been summoned to assist in the case.

This move was decided upon after a post mortem revealed that the bullet which killed Rosenberger was evidently of a larger calibre than those carried in his own automatic pistol.

The officer's gun was said to have been found at his side in the town hall and perhaps had been fired.

Rosenberger is survived by his widow and nine children. One son, Harry, resides in St. Paul.

Liner Paris Goes Aground Off the Eddystone Light

Plymouth, England, April 18.—(UP)—The liner Paris of the French line, went aground today off the Eddystone Light, 14 miles southwest of the Plymouth breakwater.

The Paris went aground on Saturday, April 6, while leaving New York for Europe, and was grounded off Brooklyn for more than 24 hours before she was sufficiently lightened to proceed.

The place where she grounded today is a dangerous spot on the coast of Cornwall, where ships are warned against the treacherous rocks by a great lighthouse, 135 feet high.

The French line announced shortly afterward that the Paris had pulled off the rocks and was en route to Plymouth. It was not known whether she was damaged.

Babe Ruth Hits a Homer On His First Time at Bat

Yankee Stadium, New York, April 18.—(UP)—Babe Ruth hit his first home run of the 1929 season on his first time at bat in the first inning of the Yankees-Red Sox game this afternoon. The ball went into the farthest corner of the left field stands.

Ruffing was pitching for the Red Sox. No one was on base when Ruth hit the homer.

FOREIGNERS ARE EVACUATING CHANGTEH, CHINA

Hong Kong, April 18.—(UP)—It was hoped today that evacuation of all foreigners at Changteh, where attacks on foreign missions and industries have been reported this week, would be completed within two days.

A tug boat manned by sailors from the British warship Widgeon was escorting a steamer which was attempting the evacuation, dispatches received here said. The British consul at Changteh also was aboard the vessel.

FLIES PLANE SOUTHERN CROSS FROM MUD FLATS

CAPT. KINGSFORD-SMITH AND 3 COMPANIONS ARRIVE AT DERBY

PILOT ANDERSON, ON RESCUE MISSION, NOW REPORTED LOST

Sydney, Australia, April 18.—(UP)—The airplane Southern Cross arrived at Derby, northern Australia today, having been flown from the mud flats in the wilds where it was forced down on March 31 while on an attempted flight from Sydney to England.

Captain Charles E. Kingsford-Smith and his three companions were rescued by search planes after a period of near starvation and were enabled to fly back to civilization in their own plane.

Sydney, N. S. W., April 18.—Two Australian air force planes spent five hours searching fruitlessly today for Pilot Keith Anderson and Mechanic Robert Hitchcock, who disappeared more than a week ago while aiding in the search for the Southern Cross.

RUSH SERUM BY AIRPLANE

2 VICTIMS OF PTOMAIN POISONING KEPT ALIVE BY ANTI-TOXIN SERUM

Salida, Colo., April 18.—(UP)—Two victims of ptomaine poisoning were kept alive at Rio Grande hospital today by liberal injections of anti-toxin serum, rushed here from Denver in an airplane, the first ever to land in this mountain town, a mile and a half above sea level.

The victims were Corral, quarry worker, and his small son, Tommy, 10. Two other Corral children, John, 9, and Elizabeth, 7, succumbed to the poisoning yesterday.

The family was believed to have been poisoned by sausage and pickles home-canned by the "cold-packed" method.

The four cases were not reported until late yesterday. The ailment was well advanced and after the death of the two younger children, physicians despaired of saving the lives of the father and oldest son.

The serum was available in Denver but no trains were scheduled for several hours, and the seriousness of the cases demanded immediate relief.

No flying machine ever had been able to land at Salida. Lieut. Carlos Reavis of the Colorado national guard completed the 450-mile trip in two and one-half hours, and brought his plane and precious cargo to a perfect landing on a golf course just outside the city.

BELIEVE 20 PEOPLE ADRIFT ON A TUG HAD BEEN DROWNED

Sofia, April 18.—(UP)—Fears were expressed today that 20 persons, adrift on a tug in the Black Sea off Burgas, had been drowned.

It was believed the tug was driven on rocks and sunk during storms yesterday.

Snowstorms raged throughout Bulgaria today, afflicting heavy damage to the grain and fruit crops in many places.

N. P. AND SOO ASK PERMIT OF I. C. C. TODAY

STEVENS OF N. P. AND WALLACE OF SOO MAKE SUCH APPLICATION

SEVERAL YEARS AGO TWO LINES PERMITTED TO POOL PASSENGER BUSINESS

St. Paul, April 18.—(UP)—The Northern Pacific Railway and the Soo Line have asked the Interstate commerce commission for permission to pool their iron ore freight business between the Cuyuna Range in Minnesota and the docks at Superior, it was announced here today.

H. E. Stevens, vice president in charge of operation on the Northern Pacific, and A. E. Wallace, vice president and general manager of the Soo Line, made the application.

Several years ago the two roads were granted permission to pool their passenger business between the Twin Cities and the head of the lakes.

"Expenditures to enlarge railroad yards on the range and at Superior, to carry into effect the pooling proposal will total \$250,000," the announcement said.

"The railway operations are to be joint on the range and at Superior, although the two companies will operate their own trains."

The roads proposed to pool the ore on the range; jointly own, use and operate all necessary trackage on the range; jointly use the Northern Pacific yard at Ironton, which will be enlarged at a cost of \$50,000; use jointly the Northern Pacific dock at Superior; utilize the Hill Avenue yard at Superior.

Improved service to the mine owners and far-reaching benefits to the public would result, the announcement said, from a pool arrangement.

JOINT SENATE AND HOUSE CONFERENCE OF REFUNDING BONDS

St. Paul, April 18.—(UP)—The county road bond refunding program was sent to a joint senate-house conference committee today in an effort to iron out the differences in the bills passed by the two houses.

The senate bill would refund the \$19,000,000 of county highway reimbursement bonds which fall due in 1929, 1930, 1931 and 1932 and at the same time provide \$48,745,000 for highway construction and maintenance work in the next four years.

On the other hand the house bill would pay off the bonds of the first two years out of the highway department sinking fund, those in the following two years would be taken up by the state and only \$43,077,000 would be made available for the highway department.

HE INTERPRETED HIS DREAMS TOO LITERALLY

APPARENTLY CONVINCED "3 MYSTERIOUS STRANGERS" NOT RESPONSIBLE

LIFELESS BODY OF G. F. ROSENBERGER FOUND IN JAIL BY HIS WIFE

Sauk Center, April 18.—(UP)—Apparently convinced that "three mysterious strangers" were not responsible for the fatal shooting here Wednesday of G. F. Rosenberger, 68-year-old night marshal, Stearns county authorities today continued their efforts to learn how the officer had met his death.

Rosenberger's lifeless body was found just after 7 A. M. by his wife, who with a neighbor man named Winstead, had gone to the town hall to learn why the marshal had failed to go home for breakfast.

The marshal had been shot through the head, evidently an hour before, but the size of the wound and its position at once led officers to discount the theory that he had shot himself with his own gun.

Suspicion was then directed toward the "three strangers" who were reported to have asked a garage man at 4:30 A. M. where they might find the marshal.

It was later revealed that the garage man was a comparative newcomer to Sauk Center and therefore did not recognize the "strangers" who were later learned to be impeccable citizens.

Chief of Police Miller with the assistance of Sheriff Schoener of St. Cloud and Deputy Coroner Moynihan then started to run down other possible clues but shortly after noon today had not made known what they had found if anything.

An inquest was called for this afternoon.

Meanwhile a Twin City shooting arm expert was said to have been summoned to assist in the case.

This move was decided upon after a post mortem revealed that the bullet which killed Rosenberger was evidently of a larger calibre than those carried in his own automatic pistol.

The officer's gun was said to have been found at his side in the town hall and perhaps had been fired.

Rosenberger is survived by his widow and nine children. One son, Harry, resides in St. Paul.

Liner Paris Goes Aground Off the Eddystone Light

Plymouth, England, April 18.—(UP)—The liner Paris of the French line, went aground today off the Eddystone Light, 14 miles southwest of the Plymouth breakwater.

The Paris went aground on Saturday, April 6, while leaving New York for Europe, and was grounded off Brooklyn for more than 24 hours before she was sufficiently lightened to proceed.

The place where she grounded today is a dangerous spot on the coast of Cornwall, where ships are warned against the treacherous rocks by a great lighthouse, 135 feet high.

The French line announced shortly afterward that the Paris had pulled off the rocks and was en route to Plymouth. It was not known whether she was damaged.

Babe Ruth Hits a Homer On His First Time at Bat

Yankee Stadium, New York, April 18.—(UP)—Babe Ruth hit his first home run of the 1929 season on his first time at bat in the first inning of the Yankees-Red Sox game this afternoon. The ball went into the farthest corner of the left field stands.

Ruffing was pitching for the Red Sox. No one was on base when Ruth hit the homer.

FOREIGNERS ARE EVACUATING CHANGTEH, CHINA

Hong Kong, April 18.—(UP)—It was hoped today that evacuation of all foreigners at Changteh, where attacks on foreign missions and industries have been reported this week, would be completed within two days.

A tug boat manned by sailors from the British warship Widgeon was escorting a steamer which was attempting the evacuation, dispatches received here said. The British consul at Changteh also was aboard the vessel.

FLIES PLANE SOUTHERN CROSS FROM MUD FLATS

CAPT. KINGSFORD-SMITH AND 3 COMPANIONS ARRIVE AT DERBY

PILOT ANDERSON, ON RESCUE MISSION, NOW REPORTED LOST

Sydney, Australia, April 18.—(UP)—The airplane Southern Cross arrived at Derby, northern Australia today, having been flown from the mud flats in the wilds where it was forced down on March 31 while on an attempted flight from Sydney to England.

Captain Charles E. Kingsford-Smith and his three companions were rescued by search planes after a period of near starvation and were enabled to fly back to civilization in their own plane.

Sydney, N. S. W., April 18.—Two Australian air force planes spent five hours searching fruitlessly today for Pilot Keith Anderson and Mechanic Robert Hitchcock, who disappeared more than a week ago while aiding in the search for the Southern Cross.

RUSH SERUM BY AIRPLANE

2 VICTIMS OF PTOMAIN POISONING KEPT ALIVE BY ANTI-TOXIN SERUM

Salida, Colo., April 18.—(UP)—Two victims of ptomaine poisoning were kept alive at Rio Grande hospital today by liberal injections of anti-toxin serum, rushed here from Denver in an airplane, the first ever to land in this mountain town, a mile and a half above sea level.

The victims were Corral, quarry worker, and his small son, Tommy, 10. Two other Corral children, John, 9, and Elizabeth, 7, succumbed to the poisoning yesterday.

The family was believed to have been poisoned by sausage and pickles home-canned by the "cold-packed" method.

The four cases were not reported until late yesterday. The ailment was well advanced and after the death of the two younger children, physicians despaired of saving the lives of the father and oldest son.

The serum was available in Denver but no trains were scheduled for several hours, and the seriousness of the cases demanded immediate relief.

No flying machine ever had been able to land at Salida. Lieut. Carlos Reavis of the Colorado national guard completed the 450-mile trip in two and one-half hours, and brought his plane and precious cargo to a perfect landing on a golf course just outside the city.

BELIEVE 20 PEOPLE ADRIFT ON A TUG HAD BEEN DROWNED

Sofia, April 18.—(UP)—Fears were expressed today that 20 persons, adrift on a tug in the Black Sea off Burgas, had been drowned. It was believed the tug was driven on rocks and sunk during storms yesterday.

Snowstorms raged throughout Bulgaria today, afflicting heavy damage to the grain and fruit crops in many places.

N. P. AND SOO ASK PERMIT OF I. C. C. TODAY

STEVENS OF N. P. AND WALLACE OF SOO MAKE SUCH APPLICATION

SEVERAL YEARS AGO TWO LINES PERMITTED TO POOL PASSENGER BUSINESS

St. Paul, April 18.—(UP)—The Northern Pacific Railway and the Soo Line have asked the interstate commerce commission for permission to pool their iron ore freight business between the Cuyuna Range in Minnesota and the docks at Superior, it was announced here today.

H. E. Stevens, vice president in charge of operation on the Northern Pacific, and A. E. Wallace, vice president and general manager of the Soo Line, made the application.

Several years ago the two roads were granted permission to pool their passenger business between the Twin Cities and the head of the lakes.

"Expenditures to enlarge railroad yards on the range and at Superior, to carry into effect the pooling proposal will total \$250,000," the announcement said.

"The railway operations are to be joint on the range and at Superior, although the two companies will operate their own trains."

The roads proposed to pool the ore on the range; jointly own, use and operate all necessary trackage on the range; jointly use the Northern Pacific yard at Ironton, which will be enlarged at a cost of \$50,000; use jointly the Northern Pacific dock at Superior; utilize the Hill Avenue yard at Superior.

Improved service to the mine owners and far-reaching benefits to the public would result, the announcement said, from a pool arrangement.

JOINT SENATE AND HOUSE CONFERENCE OF REFUNDING BONDS

St. Paul, April 18.—(UP)—The county road bond refunding program was sent to a joint senate-house conference committee today in an effort to iron out the differences in the bills passed by the two houses.

The senate bill would refund the \$19,000,000 of county highway reimbursement bonds which fall due in 1929, 1930, 1931 and 1932 and at the same time provide \$48,745,000 for highway construction and maintenance work in the next four years.

On the other hand the house bill would pay off the bonds of the first two years out of the highway department sinking fund, those in the following two years would be taken up by the state and only \$43,077,000 would be made available for the highway department.

HE INTERPRETED HIS DREAMS TOO LITERALLY

Columbus, April 18.—(UP)—Dwight L. Jones interpreted his dreams too literally, according to his wife, Pauline, who has sued for divorce. Mrs. Jones charges that when her husband dreamed she was unfaithful, he would wake her up, rouse her and quarrel with her until daylight.

LAD CHARGED WITH MURDER BREAKS JAIL WITH 2 COMPANIONS

Jonesboro, Ark., April 18.—(UP)—R. R. Ransome, 14-year-old boy charged with murdering a deputy sheriff near Lake City, last fall, today led two companions, Booth Crider and Cecil Robertson, accused of robbery, in a daring escape from Craighead county jail here.

Erection of State Office Building Assured

St. Paul, April 18.—(UP)—Erection of the state office building was assured today when both Minnesota houses passed a bill which provides for the issuance of \$1,500,000 certificates of indebtedness to build the structure on the capitol grounds.

RETURN FROM HOLLYWOOD, CAL.

Mr. and Mrs. O. Skaug Spent Past Winter There, Enjoying Novel Experiences

MET BRAINERD PEOPLE

Were at Mexicali Shortly Before Mexico Mobilized Its Troops

Mr. and Mrs. O. Skaug returned yesterday noon from Hollywood, Calif., and other points west, where they spent the past winter. Mr. Skaug reports a very pleasant trip. Before leaving he saw Ben Dunham and B. C. McNamara, both former Brainerd residents, and both are doing nicely. Mr. McNamara has opened up an undertaking parlor in the city of Burbank which would compare favorably with any in the Twin Cities.

Mr. Skaug wrote the Dispatch some time ago giving an interesting account of his trip through Southern California and the Imperial Valley. He stated today it was only a couple hours after they had visited the border town of Mexicali that Mexico started mobilizing troops in the revolution.

They also visited H. F. Michael at Phoenix, Arizona, and had a very pleasant visit with him. Mr. Michael is getting along very nicely and his health is much improved. On their return trip they were held up in the Sacramento Valley for six hours because of a wreck. Three wrecking crews were required to clean up before they could go on.

Mr. and Mrs. Skaug visited at the home of their daughter, Mrs. O. F. Ernster, and Mr. and Mrs. Ernster are expected in a month or two to spend the summer months here.

Mr. Skaug stated he was very glad to be back in Brainerd with his old friends and his business, and has not the faintest idea of leaving Minnesota. He considers Minnesota a healthier state than California.

RIVERSIDERS TO HEAR GUEST ACTORS

Garfield Players to Present "Always in Trouble" at West Brainerd School Friday Evening

The Garfield P. T. A. which presented the play "Always in Trouble" April 5 at the Garfield school, will present it again tomorrow evening April 19 at the Riverside school, West Brainerd, beginning at 8:15 o'clock.

The play on April 5 was given to a capacity house. However, due to the threatening weather and deplorable condition of Mill street, many who had intended coming were unable to be present. To accommodate this large percentage of playgoers as well as those who did not hear it, the cast is repeating the performance.

This play is exceptionally humorous. It is mysterious and dramatic at times, but the comedy element predominates. It is considered one of the best home talent productions of the year. Eleven are in the cast, with Mayme Britton and Mrs. C. H. Miller as coaches.

The locale: Time—The Living Lively present. Place—Stabtown, Missouri.

A piano solo will be rendered by Miss Violette Stanley.

Act I

Published for the information and entertainment of the home-loving folks in Brainerd and vicinity by the Standard Lumber Co. Paul H. Schultdt, Editor.

If there is even the remotest chance that you may have your home reroofed this year take our tip and do it now. The prices on good old Mule-Hide shingles and roofing are lower today than they have been in years, but the raw materials are going up so they won't remain there long. So reroof now, you'll sure save money.

Angry Father: Well, young lady,

explain yourself. Where have you been all night. Flapper Daughter: Oh, daddy dear, I was sitting up with the sick son of the sick man you are always telling mother you sat up with.

Little changes make a big difference in appearance. Old fashioned houses can now be made into attractive homes at a surprising low figure. Let us help you give youth to the house that years have made old fashioned. We will show you how these changes can best be made.

One good way to prevent bleeding at the nose is

to keep it out of other people's business.

Spring is here and it is the season of the year to plan the things that will add comfort and value to your property. A new garage or an extra wing to the house or a coat of paint, all of these help to make a home more beautiful and increase the value much more than the initial cost.

"Just where did the automobile truck hit you?" asked the dealer. "Well," said the injured young woman, "if I had been wearing a license plate it would have been badly damaged."

War on soot is underway in Little Falls, and the council is to be asked to require baskets in chimneys in the business section similar to the ones used in large cities. The approved basket is made up of one-eighth inch copper or brass mesh with wire frame. The large cities require smoke consumers in addition to the baskets on all business buildings, but the basket is considered sufficient in Little Falls.

RETURN FROM HOLLYWOOD, CAL.

Mr. and Mrs. O. Skaug Spent Past Winter There, Enjoying Novel Experiences

MET BRAINERD PEOPLE

Were at Mexicali Shortly Before Mexico Mobilized Its Troops

Mr. and Mrs. O. Skaug returned yesterday noon from Hollywood, Calif., and other points west, where they spent the past winter. Mr. Skaug reports a very pleasant trip. Before leaving he saw Ben Dunham and B. C. McNamara, both former Brainerd residents, and both are doing nicely. Mr. McNamara has opened up an undertaking parlor in the city of Burbank which would compare favorably with any in the Twin Cities.

Mr. Skaug wrote the Dispatch some time ago giving an interesting account of his trip through Southern California and the Imperial Valley. He stated today it was only a couple hours after they had visited the border town of Mexicali that Mexico started mobilizing troops in the revolution.

They also visited H. F. Michael at Phoenix, Arizona, and had a very pleasant visit with him. Mr. Michael is getting along very nicely and his health is much improved. On their return trip they were held up in the Sacramento Valley for six hours because of a wreck. Three wrecking crews were required to clean up before they could go on.

Mr. and Mrs. Skaug visited at the home of their daughter, Mrs. O. F. Ernster, and Mr. and Mrs. Ernster are expected in a month or two to spend the summer months here.

Mr. Skaug stated he was very glad to be back in Brainerd with his old friends and his business, and has not the faintest idea of leaving Minnesota. He considers Minnesota a healthier state than California.

Scandinavian-American Fraternity

The Scandinavian-American Fraternity will meet Friday night, April 19, at the Iron Exchange hall. After the business meeting there will be a social time for members and their friends.

Dealers In Conference

Twenty-two dealers from all parts of the district and three company representatives were in attendance here Tuesday at a meeting called by the Pure Oil Company to discuss the quality of products handled by them which includes Energec gasoline and Toluene Motor Oil.

Circle No. 1 of Congregational Church

Circle No. 1 of the First Congregational church will meet at the home of Mrs. C. H. Mills, 224 North Fifth street, Friday afternoon, April 19.

Entertains at Birthday Party

Mrs. R. N. Lindberg entertained at a birthday party in honor of Mr. Lindberg's birthday Tuesday evening. Four tables of five hundred were played, head prizes being taken by Mrs. Walter McComas and Emil Helen. Consolation prizes were taken by Mrs. Emil Helen and Axel Anderson. A delicious luncheon was served at midnight.

RIVERSIDERS TO HEAR GUEST ACTORS

Garfield Players to Present "Always In Trouble" at West Brainerd School Friday Evening

The Garfield P. T. A. which presented the play "Always In Trouble" April 5 at the Garfield school, will present it again tomorrow evening April 19 at the Riverside school, West Brainerd, beginning at 8:15 o'clock.

The play on April 5 was given to a capacity house. However, due to the threatening weather and deplorable condition of Mill street, many who had intended coming were unable to be present. To accommodate this large percentage of playgoers as well as those who did not hear it, the cast is repeating the performance.

This play is exceptionally humorous. It is mysterious and dramatic at times, but the comedy element predominates. It is considered one of the best home talent productions of the year. Eleven are in the cast, with Mayme Britton and Mrs. C. H. Miller as coaches.

The locale: Time—The Living Lively present. Place—Shabtown, Missouri. A piano solo will be rendered by Miss Violette Stanley.

Act I
The Railroad Station. A grouchy millionaire. A jazz time wedding. Specialty—Reading by Bernice Steinfeldt.

Act II
The next day. Paula on the trail. The bomb explodes!

Specialty
Violin solo—Victor Bourgois. Vocal duet—Dorothy Hass, Violette Stanley.

Act III
An hour later. Shh! Not so loud!

Birthday Surprise Party

Miss Ramona Twist was pleasantly surprised Wednesday evening by a group of friends, the occasion being her birthday. Bunco was played during the evening, first prize being won by Ramona Twist, and consolation going to George Antonson.

At the close of the evening, a luncheon was served by Mrs. Twist.

Those present were Margaret Gustafson, Gladys Johnson, Virginia Lindberg, Margaret Olson, Elaine Twist, Howard Peterson, George Antonson, Clayton Peterson, Junior Twist and Delmaire Peterson.

Mooseheart Legion to Initiate

The Women of the Mooseheart Legion are requested to make a special effort to be present at the next meeting Friday, April 19. There will be initiation of candidates. After the meeting lunch will be served, and a social time enjoyed.

If there is even the remotest chance that you may have your home reroofed this year take our tip and do it now. The prices on good old Mule-Hide shingles and roofing are lower today than they have been in years, but the raw materials are going up so they won't remain there long. So reroof now, you'll sure save money.

Little changes make a big difference in appearance. Old fashioned houses can now be made into attractive homes at a surprising low figure. Let us help you give youth to the house that years have made old fashioned. We will show you how these changes can best be made.

BRAINERD 25 YEARS AGO

From the Daily Dispatch

April 18, 1904

Mrs. G. D. LaBar left for Little Falls this afternoon where she will sing at a concert to be given in that city this evening.

Mrs. Henry Theviot has received word that her husband left for America after a pleasant visit in Germany on April 8.

Mrs. Bertha Theviot has been appointed senior aide of the W. R. C. of the department of Minnesota.

Charles Farrell of The National who has been sick for a few days, is much improved and was able to be out yesterday and today for a short time.

Dr. Stuart left this afternoon on an extended southern and western trip. He will first go to New Orleans and then will go west for a short visit.

Mr. and Mrs. R. D. King returned from a short wedding trip this morning.

Judge Alderman left this afternoon for Walker on business.

There will be a meeting of the city council this evening in chambers and it is thought that it will be a rather interesting session from the fact that the telephone question, which has been the subject of much controversy between Mayor Halsted and Manager Walker of the Brainerd Telephone Exchange during the past ten days, will come up.

Conductor Stapleton, one of the oldest men on the old St. Paul & Duluth, is at the N. P. Sanitarium and is very sick.

Come Again, Ben

It was old Ben Franklin who arguing the policy of letting others talk as "the wit of conversation," said, "He who goes out of your company pleased with his own facetiousness and ingenuity will the sooner come into it again." And that's one point on which we never agree with Franklin. When anyone monopolizes conversation we don't want him to come back into our company again.

Election of officers will take place at that time.

Mr. and Mrs. A. Andrews were callers at the C. N. Strang home Sunday morning.

Mrs. Clarence Shepard is ill at her home. Here's wishing her a speedy recovery.

A few of the neighbors went in Monday afternoon and helped Mrs. A. Liners celebrate her birthday. A nice time was enjoyed by all. All

left wishing Mrs. Liners many more happy birthdays.

There will be a basket social and program at the West Oak Lawn school house on Friday evening, April 26.

The P. T. A. are working real hard to make this a success. A charge of 10c will be made for program. There will be plate lunch for those who do not wish to bring baskets. The money raised at this time will be

used to help buy a piano for the school which is badly needed. Let's all go.

WHAT IS TO HAPPEN TO OUR HIGHWAYS?

WHAT is to happen to our highways? There seem to be so many cross currents in the legislature that one needs a daily and even hourly bulletin to know the fate of road legislation.

Some legislator brags about the number of cars using highways, adding to license fees and forgets that the heavier the car traffic the harder the strain on the highways.

The Minnesota Senate last week passed the bill to refund the county highway reimbursement bonds coming due in 1929, 1930, 1931, and 1932. A day or two earlier the House passed a bill for a 3 cent gas tax. The House killed the bill to reduce automobile license fees. While the 3 cent gas tax will provide less current income for the trunk highway fund in 1929 than the 2 cent tax provided before the amendment to divide the gas tax was adopted, the refunding bond bill, if it becomes law, will permit a moderate increase in new construction.

The gas tax bill was amended to 3 instead of 4 cents before the House passed it. The bill is effective May 1, but taxes on gas in shipments in May do not come into the treasury until July. The gas tax split became effective in December, so for 1929 the trunk highway fund will get six months at 1 1-3 cents and six months at 2 cents. After 1929 it will receive the same amount from the 3 cent tax as it formerly received from a 2 cent tax. Commissioner C. M. Babcock estimates that even with a normal increase in registration fees and in gasoline consumption, the current revenue will be a half million less in 1929 than in 1928. Without the refunding bond bill this would necessitate a curtailment of construction. This would be serious, in view of the fact that there are already 32,000 more cars registered than at the same date last year. If the refunding bill passes, however, there will be some increase in new construction, the amount depending upon the final form of the bill. The house refunding bill differs from the Senate bill in that it covers only 1929 to 1931.

The refunding bill is intended to spread more evenly the payment of the county reimbursement bonds. A great many of these were ten year bonds, and \$19,161,587 come due from 1929 to 1932, inclusive, while the remaining \$13,884,995 come due between 1933 and 1945. The refunding bill would not increase the state's indebtedness but would relieve the department of the "high peak" payments during the next three or four years.

The House has passed the highway patrol bill in modified form. Both houses have passed the bill making 45 miles per hour "prima facie evidence" that the operator of a motor vehicle is driving at a speed greater than is reasonable and proper. The former figure was 35 miles per hour.

SAFETY ON A CASH BASIS

FROM the Bureau of Public Roads in the United States Department of Agriculture come recommendations for orderly elimination of railroad grade crossings, based upon economic value instead of safety considerations.

Every time there is a fatal accident on a grade crossing, there is an outcry for immediate elimination, prompted by concern for public safety. Such demands are sweeping, and this is natural enough, for the prompting is humane. But the enormous cost of immediate and universal elimination compels consideration also, and so, apparently, the Federal officials are moved to approach the problem from another angle.

They recommend, therefore, that States and railroads get together on definite classification of crossings, based on the relative value of elimination to the traveling public; that a definite program for eliminating crossings of highest classification to be adopted by each State and each railroad in that State; that each State also adopt a definite program for installing safety warning devices of standardized type; and that the cost of eliminating crossing and installing safety devices be readjusted between the railroads and the public.

This economic approach seems a valid one, likely to win support. If studies are made of time lost at crossings, if a traffic census is correlated with this study, and all consideration of hazards are omitted, perhaps the eliminators of crossings will gain their objectives sooner than by reliance on emotional support for crossing elimination, prompted casually by distressing accidents. It seems a materialistic commentary on the ways of man, to say he will pay attention to money values before he will seriously weigh the factors of safety. But so long as there are grade crossings to imperil the public and that peril is made obvious only by chance occurrences, then the public had best turn to economic considerations.—*Minneapolis Journal*.

CHURCH MEMBERSHIP IS INCREASING

THE cynic who said churches were losing members must have been confounded when he read the news reports of the day and saw that the Christian Herald's annual religion census showed that churches in the United States gained 1,115,000 new members in 1928, almost twice as many as they gained in 1927.

"Last year," as reported by this authority, "the churches were encouraged by a clear gain of more than 573,000. Now this increase has been nearly doubled."

With increase in membership comes also material improvement in the way of new church buildings and improvements to existing ones. Last year in Brainerd saw the Presbyterians complete a beautiful structure on the south side.

Churches of Brainerd are all active, and this fact is proven to the reader if he surveys the church announcements published in the Daily Dispatch of Saturday, while throughout the week one reads a constant record of church and church organization activities.

The church is an established institution and its foundation is being laid more securely every day.

THE local highway department has placed detour signs at various points to permit people entering the city to dodge mud-holes. Some person or persons knocked down the sign leading to the Lum Park cutoff. We have our opinion of any one who knocks down a detour sign without replacing it.

COMMUNITY spirit of the right kind is worth millions. It is just like the goodwill of a prosperous business. It is the main-spring and still cannot be measured in dollars and cents.

OUT in the Far East the dawn comes like thunder. Our spring approaches the same way.

Comparing Notes

It was a casual acquaintanceship. The two men had met in the park. Suddenly one of them sighted two women coming along. "Ah," he said, "here comes my wife with some old hag she's picked up." "Fancy that, now," said the other; "here comes mine with another."

While the 3 cent gas tax will provide less current income for the trunk highway fund in 1929 than the 2 cent tax provided before the amendment to divide the gas tax was adopted, the refunding bond bill, if it becomes law, will permit a moderate increase in new construction.

The gas tax bill was amended to 3 instead of 4 cents before the House passed it. The bill is effective May 1, but taxes on gas in shipments in May do not come into the treasury until July. The gas tax split became effective in December, so for 1929 the trunk highway fund will get six months at 1-1/3 cents and six months at 2 cents. After 1929 it will receive the same amount from the 3 cent tax as it formerly received from a 2 cent tax. Commissioner C. M. Babcock estimates that even with a normal increase in registration fees and in gasoline consumption, the current revenue will be a half million less in 1929 than in 1928. Without the refunding bond bill this would necessitate a curtailment of construction. This would be serious, in view of the fact that there are already 32,000 more cars registered than at the same date last year. If the refunding bill passes, however, there will be some increase in new construction, the amount depending upon the final form of the bill. The house refunding bill differs from the Senate bill in that it covers only 1929 to 1931.

The refunding bill is intended to spread more evenly the payment of the county reimbursement bonds. A great many of these were ten year bonds, and \$19,161,587 come due from 1929 to 1932, inclusive, while the remaining \$13,884,995 come due between 1933 and 1945. The refunding bill would not increase the state's indebtedness but would relieve the department of the "high peak" payments during the next three or four years.

The House has passed the highway patrol bill in modified form. Both houses have passed the bill making 45 miles per hour "prima facie evidence" that the operator of a motor vehicle is driving at a speed greater than is reasonable and proper. The former figure was 35 miles per hour.

SAFETY ON A CASH BASIS

FROM the Bureau of Public Roads in the United States Department of Agriculture come recommendations for orderly elimination of railroad grade crossings, based upon economic value instead of safety considerations.

Every time there is a fatal accident on a grade crossing, there is an outcry for immediate elimination, prompted by concern for public safety. Such demands are sweeping, and this is natural enough, for the prompting is humane. But the enormous cost of immediate and universal elimination compels consideration also, and so, apparently, the Federal officials are moved to approach the problem from another angle.

They recommend, therefore, that States and railroads get together on definite classification of crossings, based on the relative value of elimination to the traveling public; that a definite program for eliminating crossings of highest classification to be adopted by each State and each railroad in that State; that each State also adopt a definite program for installing safety warning devices of standardized type; and that the cost of eliminating crossings and installing safety devices be readjusted between the railroads and the public.

This economic approach seems a valid one, likely to win support. If studies are made of time lost at crossings, if a traffic census is correlated with this study, and all consideration of hazards are omitted, perhaps the eliminators of crossings will gain their objectives sooner than by reliance on emotional support for crossing elimination, prompted casually by distressing accidents. It seems a materialistic commentary on the ways of man, to say he will pay attention to money values before he will seriously weigh the factors of safety. But so long as there are grade crossings to imperil the public and that peril is made obvious only by chance occurrences, then the public had best turn to economic considerations. —Minneapolis Journal.

CHURCH MEMBERSHIP IS INCREASING

THE cynic who said churches were losing members must have been confounded when he read the news reports of the day and saw that the Christian Herald's annual religion census showed that churches in the United States gained 1,115,000 new members in 1928, almost twice as many as they gained in 1927.

"Last year," as reported by this authority, "the churches were encouraged by a clear gain of more than 573,000. Now this increase has been nearly doubled."

With increase in membership comes also material improvement in the way of new church buildings and improvements to existing ones. Last year in Brainerd saw the Presbyterians complete a beautiful structure on the south side.

Churches of Brainerd are all active, and this fact is proven to the reader if he surveys the church announcements published in the Daily Dispatch of Saturday, while throughout the week one reads a constant record of church and church organization activities.

The church is an established institution and its foundation is being laid more securely every day.

THE local highway department has placed detour signs at various points to permit people entering the city to dodge mud-holes. Some person or persons knocked down the sign leading to the Lum Park cutoff. We have our opinion of any one who knocks down a detour sign without replacing it.

COMMUNITY spirit of the right kind is worth millions. It is just like the goodwill of a prosperous business. It is the main-spring and still cannot be measured in dollars and cents.

OUT in the Far East the dawn comes like thunder. Our spring approaches the same way.

It was a casual acquaintanceship. The two men had met in the park. Suddenly one of them sighted two women coming along. "Ah," he said, "here comes my wife with some old hag she's picked up." "Fancy that, now," said the other, "here comes mine with another."

ONCE IN A DOG'S AGE A ROOKIE MAKES GOOD AT START

7 GOPHER TRACKMEN ENTER KANSAS RELAY MEET

CARDS USUALLY STACKED AGAINST PLAYERS' DEBUT

EARL AVERILL OF SNOHOMISH, WASH., MAKES GOOD WITH CLEVELAND INDIANS

IN 2 GAMES HE BELTED 2 HOME RUNS OVER THE RIGHT FIELD WALL

By FRANK GETTY
(United Press Sports Editor)

New York, April 18.—The cards usually are stacked against the debut of the high priced rookie in baseball. One in a dog's age, the rookie turns the tables and makes good from the start.

The later is true of Earl Averill, who hails from far off Snohomish, Wash., and now plays in the outfield of the Cleveland Indians. In two games, Averill, reputed to have cost the Cleveland club \$45,000, has two home runs to his credit—both of them healthy belts over the high right field wall of the Indians' home grounds.

Earl is happy as a kid with a new toy, and Manager Roger Peckinpaugh is not exactly grieving over the situation. The Indians need all the help they can get this season, and if Averill lives up to his early promise the Cleveland club may have a look at the first division—now and then. "I hope I won't get a swelled head," said Averill to the United Press last night. "I've got sense enough to know it's far too early to make any predictions of what I will do in the big leagues."

"I'm tickled to death over my good beginning, and I'm going to keep right on trying."

"Anyhow, I'm ahead of Babe Ruth for the moment."

The new Cleveland find weighs only 160 and is six feet tall. His regular bat weighs but 40½ ounces, but occasionally he goes up to the plate swinging one of the 48-ounce clubs.

Averill came to Cleveland from the San Francisco club in the Pacific Coast League, 1928 champions. In 183 games last season, he made 270 hits, including 36 home runs.

"He's the best looking youngster to come up in a long time," Manager Peckinpaugh told the United Press today. "I feel sure Averill is going to make good."

SINCLAIR'S BLANK

N. P. TEAM, 14-0

"OILERS" TOUCH VAN EPPS FOR SIXTEEN SAFE BINGLES

The Sinclair Oil Co. registered its third consecutive victory in the city diamondball league last night when they blanked the highly-touted Northern Pacific Railway team 14 to 0 to take undisputed possession of first place. The "Oilers" continued their heavy hitting, falling on Van Epps for sixteen safe bingles. Wobbly support was also a big factor in his defeat. Werner pitched brilliantly for the winners and held the "N. P.'s" to two safe hits.

In the first inning the Sinclair Oil scored a run when Hautala singled and went to third on an error and scored on another error. The best chance the N. P. had to score came in the first inning after two men were out. J. Tribur hit what looked to be a sure home run, but Hautala, playing in left field, made a beautiful throw to home and Tribur was easily put out. In the second inning the "Oilers" scored two more runs on two hits and an error. In the third they added three more to their total on four hits, including home runs by Hively and Engstrom. In the fourth inning they tallied four runs to run their total to cluded the scoring by ringing up ten and in the last inning they conferred more markers.

Tonight the Alderman-Maghan Co. will tangle with Bye Clothing Co. Erickson will hurl for the Clothiers while Flaata will receive. Orth and Waldman will be the probable battery for Alderman-Maghan.

ELTON HESS TO PARTICIPATE IN THE DECATHLON

CAPT. CATLIN, ERROL ANDERSON, BRUCE STRAIN, ART WEISEGER ON MEDLEY

LATTER TO COMPETE WITH THE LEADING MIDDLE WESTERN RACING COMBINATIONS

Seven University of Minnesota trackmen have been entered in the Kansas relay meet. The contests will be held Friday and Saturday at Lawrence, Kansas. Elton Hess will participate in the decathlon.

The medley distance relay team includes Captain Ted Catlin, Errol Anderson, Bruce Strain and Art Weiseger, and they will compete with the leading middle western racing combinations in the events on Saturday.

Catlin will open the race by running the quarter mile, Weiseger to follow on a half mile route, Strain billed for third with a three-quarter mile jaunt and Anderson to finish the last leg with a full mile. The quartet will leave Minneapolis Friday night.

George Otterness, pole vaulter and Lawrence (Duke) Johnson, discus thrower, were the other two choices

of Coach Finger who left with Otterness Thursday afternoon. Johnson will accompany the relay team Friday night.

Of the seven entrants the hardest worked will be Hess whose efforts will be distributed over ten events. His best marks have been made in the pole vault, discus throw, broad and high jumps, the 100-meter dash and the shot-put. Hess' other events will be the hurdles, the javelin throw, the 400-meter dash and the 1,500 meter grind.

He will engage in five events Friday afternoon and five Saturday morning.

Spring Shower Greet Athletes at Lawrence

Lawrence, Kan., April 18.—A spring shower greeted the first of the 2,000 athletes who will gather here tomorrow and Saturday for the annual Kansas relay games. The rains will not endanger the field materially, however, it was said.
Representatives of Occidental college, Los Angeles, were the first of the running aggregation, which is being sent from 184 schools and colleges, to reach Lawrence for the games.

Watching the Scoreboard

(By United Press)

Yesterday's Hero—Rogers Hornsby, who weathered a storm of criticism for his failure to star at bat in the opening game of the season and provided the big punch in the victory of the Chicago Cubs over the Pittsburgh Pirates with a home run with the bases filled in the eighth inning.

The presence of President Hoover and a distinguished gathering of notables could not save the Washington Senators from a 13 to 4 defeat at the hands of the Philadelphia Athletics. Foxx starred at bat.

The Cincinnati Reds have started right in after a new double play record, making good use of three double killings to beat the Cardinals 8 to 3. Last year the Reds made 194 double plays to set a record.

George Chle, rehabilitated hurler, pitched his new club, the Tigers, to a 15 to 3 victory over his former teammates, the Indians. Earl Averill, high priced rookie, made his second homer in two days.

Alvin Crowder, leading American league pitcher of 1928, kept Chicago's hits scattered and the St. Louis Browns made it two straight over the White Sox, 5 to 3.

Rain once more prevented opening games at New York, Philadelphia and Boston, with better weather promised for today.

Strength

Like the ancient king who said that he had no garrison stronger than the affection of his people, we in our various positions in life are no stronger than the loyalty of those who are associated with us. If the men who work for you do not really like you, your organization is weak, no matter how well it seems to function for a time. If you do not have loyalty you do not deserve loyalty. You lack something which attracts it and you cannot expect it.

Lumber From Straw

First man made lumber from trees; then from the wastes of the sugar plantation; and now straw from cereal grain harvests is being utilized to provide cheap lumber for the farmer. The sale of straw should provide much farm revenue.

That Wilson—Hornsby Duel!

By QUIN HALL

HACK WILSON, one of the slugging outfielders in the national pastime, feels that the acquisition of Rogers Hornsby by the Cubs is going to be the means of boosting his own batting average higher than it has ever been before.

Wilson, you know, is on the same club with Hornsby, and while Hack has been a good performer in the past for Mr. Wrigley and his associates at Chicago, Hack has a hunch that this is going to be his banner year with the hickory post.

Hornsby, himself, if you recall, is quite noted as a fellow who can slap the onion to and out of the four corners of the lot. In fact, Hornsby led the National League boys last season in the matter of hitting with .387, while Wilson turned in a nifty .313. In the matter of four-pipe wallops, the Chicago slugger had it on the first white plot of the Braves in that he slapped off 31 circuit wallops while Rogers had to be content with a mere 21.

It looks as if Hornsby and Wilson are both on a winning ball

club. At least, the early prophets are giving the Chicago team a great chance to cop. The idea of being on a club, which has a chance to cut in on the heavy dough in the World Series, stimulates the hitting prowess of a ball player. It's been known to almost make a slugging star out of a mediocre hitter. And it always makes a good hitter better. If this is true and if it works out in Chicago, both Hornsby and Wilson are liable to reach new heights. Personally, Wilson feels that being with a winning ball club and having Hornsby on the same team will result in his becoming a .400 hitter in 1929.

For one thing, Wilson has always been noted as a "clean-up" hitter. Hack doesn't relish the idea of Hornsby coming in and stealing his thunder. He'll do everything in his power to fatten his batting average and thereby retain the reputation which he has been building up on the north side in Chicago for some years. Hornsby, on the other hand, is likely to prove a tough fellow to keep ahead of. For a good many years the Rajah has been register-

ing with mighty good hitting averages. He hasn't broken either of his arms or lost his eyesight during the Spring training grind in California. Hornsby seems set for another big year.

This batting affair is likely to develop into a slugging duel between the outfielder and infielder of the Chicago club. Such rivalries usually help a team to win games.

In addition to Hornsby and Wilson, the Cubs should have plenty of batting strength this Summer. Eliminating the pitchers and possibly English and Beck, McCarthy should have a team capable of batting .300 or better. English, the shortstop, barely missed the .300 mark by one point and, with more experience, Woody may go over that figure this year.

A club with a bunch of .300 apple knockers is a hard club to win games from. When that club has Wilson and Hornsby, likely to rap homers at any minute, it can be classed as a real menace. In the meantime, Hack figures he'll have to hit .400 to beat Hornsby. That's considerable hitting—even for a fellow like Wilson!

ONCE IN A DOG'S AGE A ROOKIE MAKES GOOD AT START

7 GOPHER TRACKMEN ENTER KANSAS RELAY MEET

CARDS USUALLY STACKED AGAINST PLAYERS' DEBUT

EARL AVERILL OF SNOHOMISH, WASH., MAKES GOOD WITH CLEVELAND INDIANS

IN 2 GAMES HE BELTED 2 HOME RUNS OVER THE RIGHT FIELD WALL

By FRANK GETTY
(United Press Sports Editor)

New York, April 18.—The cards usually are stacked against the debut of the high priced rookie in baseball. One in a dog's age, the rookie turns the tables and makes good from the start.

The later is true of Earl Averill, who hails from far off Snohomish, Wash., and now plays in the outfield of the Cleveland Indians. In two games, Averill, reputed to have cost the Cleveland club \$45,000, has two home runs to his credit—both of them healthy belts over the high right field wall of the Indians' home grounds.

Earl is happy as a kid with a new toy, and Manager Roger Peckinpaugh is not exactly grieving over the situation. The Indians need all the help they can get this season, and if Averill lives up to his early promise the Cleveland club may have a look at the first division—now and then. "I hope I won't get a swelled head," said Averill to the United Press last night. "I've got sense enough to know it's far too early to make any predictions of what I will do in the big leagues."

"I'm tickled to death over my good beginning, and I'm going to keep right on trying."

"Anyhow, I'm ahead of Babe Ruth for the moment."

The new Cleveland find weighs only 160 and is six feet tall. His regular bat weighs but 40½ ounces, but occasionally he goes up to the plate swinging one of the 48-ounce clubs.

Averill came to Cleveland from the San Francisco club in the Pacific Coast League, 1928 champions. In 189 games last season, he made 270 hits, including 36 home runs.

"He's the best looking youngster to come up in a long time," Manager Peckinpaugh told the United Press today. "I feel sure Averill is going to make good."

SINCLAIRS BLANK

N. P. TEAM, 14-0

"OILERS" TOUCH VAN EPPS FOR SIXTEEN SAFE BINGLES

The Sinclair Oil Co. registered its third consecutive victory in the city diamondball league last night when they blanked the highly-touted Northern Pacific Railway team 14 to 0 to take undisputed possession of first place. The "Oilers" continued their heavy hitting, falling on Van Epps for sixteen safe bingles. Wobbly support was also a big factor in his defeat. Werner pitched brilliantly for the winners and held the "N. P.'s" to two safe hits.

In the first inning the Sinclair Oil scored a run when Hautala singled and went to third on an error and scored on another error. The best chance the N. P. had to score came in the first inning after two men were out. J. Tribur hit what looked to be a sure home run, but Hautala, playing in left field, made a beautiful throw to home and Tribur was easily put out. In the second inning the "Oilers" scored two more runs on two hits and an error. In the third they added three more to their total on four hits, including home runs by Hively and Engbertson. In the fourth inning they tallied four runs to run their total to eluded the scoring by ringing up ten and in the last inning they scored four more markers.

Tonight the Alderman-Maghan Co. will tangle with Bye Clothing Co. Erickson will hurl for the Clothiers while Flaata will receive. Orth and Waldman will be the probable battery for Alderman-Maghan.

ELTON HESS TO PARTICIPATE IN THE DECATHLON

CAPT. CATLIN, ERROL ANDERSON, BRUCE STRAIN, ART WEISEGER ON MEDLEY

LATTER TO COMPETE WITH THE LEADING MIDDLE WESTERN RACING COMBINATIONS

Seven University of Minnesota trackmen have been entered in the Kansas relay meet. The contests will be held Friday and Saturday at Lawrence, Kansas. Elton Hess will participate in the decathlon.

The medley distance relay team includes Captain Ted Catlin, Errol Anderson, Bruce Strain and Art Weiseger, and they will compete with the leading middle western racing combinations in the events on Saturday.

Catlin will open the race by running the quarter mile, Weiseger to follow on a half mile route, Strain billed for third with a three-quarter mile jaunt and Anderson to finish the last leg with a full mile. The quartet will leave Minneapolis Friday night.

George Otterness, pole vaulter and Lawrence (Duke) Johnson, discus thrower, were the other two choices Monday night.

of Coach Finger who left with Otterness Thursday afternoon. Johnson will accompany the relay team Friday night.

Of the seven entrants the hardest worked will be Hess whose efforts will be distributed over ten events. His best marks have been made in the pole vault, discus throw, broad and high jumps, the 100-meter dash and the shot-put. Hess' other events will be the hurdles, the javelin throw, the 400-meter dash and the 1,500 meter grind.

He will engage in five events Friday afternoon and five Saturday morning.

Offer New Modes at Fashion Show

Color Combinations in Lime-light; Ensemble Still Prime Favorite.

Much interest was centered on the spring fashion show recently held in New York.

In the mannequin parade, one fact stood out clearly, namely the preference for two fabrics and two colors, where heretofore one served.

Color combinations were varied. The most frequently repeated schemes involved shades of flag, or independence blue, with tones of the sunburned caste variously designated as orange apricot and peach and so on.

Black and white, especially in arrangements calling for white fur on black cloth or crepe, was also exploited with shades of beige and nude, and combinations employing red, black and white as outstanding especially for sports. All white and all black had practically no representation, but white cleverly enlivened with color, and black toned up with white, or with color were in evidence.

That the ensemble remains the mainstay of the smart wardrobe was clear. The ensemble has endless interpretations, with short jackets and abbreviated coats much more generally accepted. Evening gowns are seeming incomplete without a jacket or cape of some sort.

Transparent velvets, brocaded silks and chiffons were the fabrics used for these charming accompaniments of the evening gown. Evening gowns, as was to be expected, were ultra feminine, fluttering types in a diversity of materials among which rayon and celerese were worthy additions to a long list of other materials. A charming group of organdie dresses was well received, thus advancing the cause of cotton, which also had a niche effectively filled by a group of cottons and check gingham.

There were fewer flowered prints. Among the evening gowns were some picturesque pompadour taffetas and a few flowered chiffons. White green was an oft repeated color in the evening frocks, shades of orange and warm sunburned yellows were repeated.

The all-white evening gown was beautifully represented in tulle and crystal embroidered and in a wedding gown the top of which was lace and

Plaits Become an Important Item in the Spring Mode.

the skirt satin in a sweeping circular silhouette with the omnipresent elongated back line.

For day wear, skirts remain short if the exhibition is a criterion.

For the more formal type of afternoon ensemble a certain irregularity of hemline is preserved, but for other purposes, the desired indecision in line is achieved by plaits variously distributed and variously stitched. The street and formal ensemble prescribes also the jacket and short coat type.

The short coat or jacket is almost always accompanied by a tuck-in blouse of a contrasting color.

Interesting and unusual collar treatments were another highlight; in some cases the collar of the blouse was drawn over the coat usually in an unbalanced scarf arrangement. Scarf collars bowed to one side and in one instance an ermine collar bowed to the left. The repeated use of bows added to the impression of highly feminized fashions.

Prints for Spring Are

Charming, Distinctive

In case you've wondered whether this spring's prints will differ radically from last year's, you'll be interested to know that this year's prints have several novel features of distinction. For instance, there are the ensemble prints—the same pattern on one heavy and one sheer fabric used together; the reverse color scheme, that is—the same pattern reproduced in exactly opposite color scheme.

Editor Daily Dispatch:

As Alderman of the Second Ward of the City of Brainerd I wish to place before the taxpayers of this city some of the transactions that are not in accordance with the City Charter and which I was going to bring up at the last council meeting but by motion of Alderman Paine and seconded by Ritari to adjourn before the business of the City was transacted and it being my last meeting I did not think that this was a proper thing to do and the only time in my four years service that it had been done.

In April 1928 I found out that our City Clerk was being paid on the payroll while she was confined in the hospital and that the City Clerk's deputy was being paid on voucher which is not in accordance with Section 20 of the City Charter which reads in part. The City Clerk mentioned in our charter as "He" shall have power to appoint, subject to the approval of the council, a deputy clerk who shall hold his office at the pleasure of the clerk and council, and shall have authority under the direction of the clerk to perform all duties of the office. The salary of said deputy clerk shall be paid by the clerk. The clerk shall perform such other duties as may be required by the City council."

I questioned the chairman of the finance committee as well as other members of the council including the City Attorney, if they thought that this was in accordance with the city charter and was told that they could see nothing wrong in this procedure then I read the above part of article and also stated that we were liable for so doing.

I made a motion that we allow the city clerk two weeks sick leave with pay and that the amounts paid by voucher to the deputy city clerk be returned to the city treasurer by the city clerk. This motion made in April 1928 and all Aldermen present at that time voted unanimously for this motion. The motion was never enforced or the city clerk did not return the funds which were illegally paid from the city funds to the deputy city clerk.

On July 15, 1928, at their regular meeting the council was presented with a bill from Mrs. S. C. Englund for services as Deputy city clerk from April 17 to June 9, 1928, in the sum of \$143.00 which she was unable to collect, and "moved and seconded by Aldermen M. Anderson and

Holmstrom, duly carried, that Mrs. S. C. Englund's bill for services as Deputy City Clerk from April 17 to June 9, 1928, be allowed, the amount of the same to be deducted from the salary of Mrs. E. T. Fleener, City Clerk, according to the City Charter.

By the above motion you will note that the council acknowledged that they were wrong in paying the Deputy City Clerk by voucher.

On August 5, 1928, at their regular meeting, the Chairman of the Finance Committee, Verner Anderson, reported that the check made payable to the order of Mrs. S. C. Englund in the sum of \$143.00, for services as Deputy City Clerk from April 17 to June 9, 1928, had been cancelled and the bill paid by Mrs. E. T. Fleener, personally.

This acknowledges that this bill has been paid as far as the \$143.00 salary of the Deputy City Clerk is concerned from April to June 9, 1928, but my motion made in April stating that the City Clerk pay back to the City Treasurer the amount paid by voucher to the Deputy City Clerk in the amount of about \$400.00. I do not remember the exact amount but same can be furnished by the City Treasurer's vouchers on file.

On April 1, 1929, at our regular Council meeting, it was moved and

seconded by Aldermen V. F. Anderson and Hall, that the sum of \$146 paid by the City Clerk for the salary of Deputy City Clerk to June 10, 1928, be accepted as settlement in full of all charges relating to the payment of Deputy City Clerk's salary prior to said date. All Aldermen voted Aye, except Alderman M. Anderson and Holmstrom who voted No, whereupon the motion was declared carried. Objections to the motion for the reason motion was out of order as the motion in April, 1928, was not rescinded and is still open on the records. This is what I may say spending funds not in accordance with the City Charter which is the only laws that we can spend the funds of the city.

I was approached several times by the city alderman and City Attorney "better forget it as maybe the City Clerk would have a claim against the City which would cost us much more money" and my statement was that if Mrs. E. T. Fleener had any just claim against the City that that procedure was the proper channel to take and not violate the rules of the City Charter. Then on the last meeting of April 15th, 1929, knowing that I had something that should be taken care of before the new council takes effect, I was not allowed by

the respectful method of Alderman Paine's motion to adjourn. Then you wonder why I had to fight, if I didn't fight I would have got nowhere, and maybe I didn't but my record of attendance and matters taken up by the Council are on record and I am not ashamed of them and are open to inspection at any time. I think that a lot of this can be avoided by having a Public Examiner examine our books and I will warrant that there will be much to account for in checking the procedures of the Council with the City Charter and I am heartily in favor of this move even if I am guilty of some of the procedures and believe that this remedy would warrant the expenditure to the taxpayers.

Respectfully,
MARTIN ANDERSON,
Alderman, Second Ward.

Built-in quality is one reason for the outstanding performance of the new Ford

You'll get a real thrill in driving this great new car

THE minute you see the new Ford car you will be delighted with its low, smart lines and the artistic color combinations. There, you will say, is a truly modern car.

But a still greater thrill awaits you when you slip into the roomy seat behind the wheel and start away for your first ride. Then you will know that you have found the most unusual value ever offered in a low-price car.

You will like the feeling of power that the new Ford gives you—the comfortable, prideful feeling that comes from having a car worthy of any occasion and equal to every emergency.

You will like the flexibility and safety of the new Ford car as you

weave in and out of traffic—its flashing pick-up as the light turns green and the sign says "Go." You will like its' smooth, quiet steadiness on the open road where you can lazy along according to your mood, or do 55 and even 65 miles an hour if you desire. The new Ford has unusual speed—no doubt of that!

There are still other reasons why the new Ford is a great car to own and drive. Three important reasons that mean a great deal to you—reliability—economy—long life.

The new Ford is made to stand up under thousands of miles of steady running over all kinds of roads, and save you many dollars in repair bills.

Come in and see this great new car. Inspect it carefully—part by part. Then know the thrill of driving it. By its performance you will realize that there is nothing quite like it anywhere in design, quality and price.

Standard equipment on all new Ford cars includes four Houdaille hydraulic two-way shock absorbers, fully enclosed, silent six-brake system, five steel-spoke wheels, four 21 x 4.50 balloon tires, electric windshield wiper, speedometer, gasoline gage on instrument panel, dash light, mirror, combination tail and stop light, theft-proof coincidental lock, Alemite chassis lubrication, and Triplex shatter-proof glass windshield.

Offer New Modes at Fashion Show

Color Combinations in Lime-light; Ensemble Still Prime Favorite.

Much interest was centered on the spring fashion show recently held in New York.

In the mannequin parade, one fact stood out clearly, namely the preference for two fabrics and two colors, where heretofore one served.

Color combinations were varied. The most frequently repeated schemes involved shades of flag, or Independence blue, with tones of the sunburned caste variously designated as orange apricot and peach and so on.

Black and white, especially in arrangements calling for white fur on black cloth or crepe, was also exploited with shades of beige and nude, and combinations employing red, black and white as outstanding especially for sports. All white and all black had practically no representation, but white cleverly enlivened with color, and black toned up with white, or with color were in evidence.

That the ensemble remains the mainstay of the smart wardrobe was clear. The ensemble has endless interpretations, with short jackets and abbreviated coats much more generally accepted. Evening gowns are seemingly incomplete without a jacket or cape of some sort.

Transparent velvets, brocaded silks and chiffons were the fabrics used for these charming accompaniments of the evening gown. Evening gowns, as was to be expected, were ultra feminine, fluttering types in a diversity of materials among which rayon and celanese were worthy additions to a long list of other materials. A charming group of organdie dresses was well received, thus advancing the cause of cotton, which also had a niche effectively filled by a group of cottons and check gingham.

There were fewer flowered prints.

Among the evening gowns were some picturesque pompadour taffetas and a few flowered chiffons. While green was an oft repeated color in the evening frocks, shades of orange and warm sunburned yellows were repeated.

The all-white evening gown was beautifully represented in tulle and crystal embroidered and in a wedding gown the top of which was lace and

the skirt satin in a sweeping circular silhouette with the omnipresent elongated back line.

For day wear, skirts remain short if the exhibition is a criterion.

For the more formal type of afternoon ensemble a certain irregularity of hemline is preserved, but for other purposes, the desired indecision in line is achieved by plaits variously distributed and variously stitched. The street and formal ensemble prescribes also the jacket and short coat type.

The short coat or jacket is almost always accompanied by a tuck-in blouse of a contrasting color.

Interesting and unusual collar treatments were another highlight; in some cases the collar of the blouse was drawn over the coat usually in an unbalanced scarf arrangement. Scarf collars bowed to one side and in one instance an ermine collar bowed to the left. The repeated use of bows added to the impression of highly feminized fashions.

Prints for Spring Are Charming, Distinctive

In case you've wondered whether this spring's prints will differ radically from last year's, you'll be interested to know that this year's prints have several novel features of distinction. For instance, there are the ensemble prints—the same pattern on one heavy and one sheer fabric used together; the reverse color scheme, that is—the same pattern reproduced in exactly opposite color scheme.

PICKEREL IN CAR DRAWS PENALTIES

Little Falls Men Pay \$10 Fine Each for Having Out of Season Fish in Possession

CARDLE MAKES ARREST

Deputy Game Warden Searches Car at N. P. Right of Way Gate Fance

A dialogue went something like this last night at a Northern Pacific right of way fence gate near Crow Wing Lake:

"Whatcha got boys?"
"Not much."
"Let's see."
"Awright."
"Judge Warner wants to see you in the morning."

And bright and early this morning when municipal court opened two Little Falls men waited with their attorney, C. A. Fortier, Little Falls boy mayor to state their case to Judge Warner.

Douglas Cluett, barber, former Brainerd man, pleaded guilty to having pickerel in his possession, asking leniency for Guy Kidder as "he was my guest in my car and had nothing to do with the fish."

But Judge Warner ruled that since the pickerel was found in the car and the two men were occupants of the car both were equally guilty. A fine of \$10 was imposed on each defendant.

Deputy Game Warden A. P. Cardle made the complaint. He reported that he saw the two men coming from the lake in a car, reached the gate before them and closed it. One pickerel and three suckers were found in the car.

COUNTY NURSE ADDRESSES ROTARY

Miss Caroline Walz Tells of Experiences in Performing Many Duties of Position

PRAISES CO-OPERATION

Previously to Coming to Brainerd She Was County Nurse of Hennepin County 5 Years

Ranks of the Rotarians were depleted Tuesday, eight of the members attending the district convention held at Minot, N. D. They will give reports at the next meeting of local Rotarians.

Miss Caroline Walz, county nurse, was the speaker of the day and told of her many experiences in Crow Wing county. Tuesday marked the first anniversary of her work in this county. Previously she had been county nurse of Hennepin county five years, and before that city nurse at St. Peter two years. She saw 15 months' service in the World War.

She gave in detail her program for the coming year. School clinics are to be organized. As there are health classes for women and children, the suggestion has been made by the farmers that she have special classes for the men too. She wishes to organize a health group in each township to work with the county nurse. Then a member from each of these groups is to act in an advisory capacity working with the county welfare board.

She spoke of the long distances traversed in the county to see all sections. Brainerd to Little Pine is 50 miles, and southward means 25 or 30 miles.

"The foundation of health is laid with the children," said Miss Walz. "Many little ones are handicapped and defects remedied will make them strong and healthy children, our citizenry of the future."

Walter H. Cobban, who spent the winter in the south and kept up his attendance 100 per cent by attending club meetings, spoke briefly.

In the absence of the regular secretary, Wm. Graham officiated.

CITY WELL PROVIDED WITH HOTEL ROOMS

D. C. Gray Tells Lions Brainerd is Comfortably Fixed With Hotels, Apartments

EIGHT HOTELS IN CITY

Approximately 150 Apartments in City of Brainerd, He Says

Brainerd is adequately provided with hotel and apartment accommodations for a number of years to come, D. C. Gray, Brainerd realtor, told members of the Lions Club last evening in discussing the hotel and apartment house conditions in Brainerd.

"The three leading hotels, the Ransford, New Brainerd and Elks affords the city approximately 200 guest rooms and is ample to meet the needs of the city in that direction. There are in addition to these five others, the National, Central, Park, Windsor and N. P. These all afford good comfortable accommodations and cater to a considerable transient business," said Mr. Gray.

"The apartment situation in the city is adequate for its present needs. A survey of the apartments available indicate there are approximately 150," he said.

PICKEREL IN CAR DRAWS PENALTIES

Little Falls Men Pay \$10 Fine Each for Having Out of Season Fish in Possession

CARDLE MAKES ARREST

Deputy Game Warden Searches Car at N. P. Right of Way Gate Fance

A dialogue went something like this last night at a Northern Pacific right of way fence gate near Crow Wing Lake:

"Whatcha got boys?"
"Not much."
"Let's see."
"Awwright."
"Judge Warner wants to see you in the morning."

And bright and early this morning when municipal court opened two Little Falls men waited with their attorney, C. A. Fortier. Little Falls boy mayor to state their case to Judge Warner.

Douglas Chute, barber, former Brainerd man, pleaded guilty to having pickerel in his possession, asking leniency for Guy Kidder as "he was my guest in my car and had nothing to do with the fish."

But Judge Warner ruled that since the pickerel was found in the car and the two men were occupants of the car both were equally guilty. A fine of \$10 was imposed on each defendant.

Deputy Game Warden A. P. Cardle made the complaint. He reported that he saw the two men coming from the lake in a car, reached the gate before them and closed it.

One pickerel and three suckers were found in the car.

COUNTY NURSE ADDRESSES ROTARY

Miss Caroline Walz Tells of Experiences in Performing Many Duties of Position

PRAISES CO-OPERATION

Previously to Coming to Brainerd She Was County Nurse of Hennepin County 5 Years

Ranks of the Rotarians were depleted Tuesday, eight of the members attending the district convention held at Minot, N. D. They will give reports at the next meeting of local Rotarians.

Miss Caroline Walz, county nurse, was the speaker of the day and told of her many experiences in Crow Wing county. Tuesday marked the first anniversary of her work in this county. Previously she had been county nurse of Hennepin county five years, and before that city nurse at St. Peter two years. She saw 15 months' service in the World War.

She gave in detail her program for the coming year. School clinics are to be organized. As there are health classes for women and children, the suggestion has been made by the farmers that she have special classes for the men too. She wishes to organize a health group in each township to work with the county nurse. Then a member from each of these groups is to act in an advisory capacity working with the county welfare board.

She spoke of the long distances traversed in the county to see all sections. Brainerd to Little Pine is 59 miles, and southward means 25 or 30 miles.

"The foundation of health is laid with the children," said Miss Walz. "Many little ones are handicapped and defects remedied will make them strong and healthy children, our citizenry of the future."

Walter H. Cobban, who spent the winter in the south and kept up his attendance 100 per cent by attending club meetings, spoke briefly.

In the absence of the regular secretary, Wm. Graham officiated.

CITY WELL PROVIDED WITH HOTEL ROOMS

D. C. Gray Tells Lions Brainerd is Comfortably Fixed With Hotels, Apartments

EIGHT HOTELS IN CITY

Approximately 150 Apartments in City of Brainerd, He Says

Brainerd is adequately provided with hotel and apartment accommodations for a number of years to come, D. C. Gray, Brainerd realtor, told members of the Lions Club last evening in discussing the hotel and apartment house conditions in Brainerd.

"The three leading hotels, the Ransford, New Brainerd and Elks afford the city approximately 200 guest rooms and is ample to meet the needs of the city in that direction. There are in addition to these five others, the National, Central, Park, Windsor and N. P. These all afford good comfortable accommodations and cater to permanent roomers and all do a considerable transient business," said Mr. Gray.

"The apartment situation in the city is adequate for its present needs. A survey of the apartments available indicate there are approximately 150," he said.

Miss Marcella Holm and Marion Newman, Lincoln school pupils, contributed to the musical entertainment of the evening. Young Miss Holm sang two numbers and an encore while young Mr. Newman rendered two piano selections.

CHAPTER LXXXII.

THE events of the night were like a mad dream to Irene—the white and frightened faces, lights turned on all over the house, the doctor's quick orders, the nurses moving like white machines, the moans, the babbling. . . . What if she babbled incoherently? . . . "Don't you smell something burning? Was that a rat—running out of the door?" . . . Like an automaton Irene obeyed all Lundy's orders, as she had done in New York. . . . Out in the hall, Guinn and Tina were together, he in his old gray robe and she in her rose-colored negligee that looked inappropriately gay. They shivered each sharp cry stabbed them; they rushed for hot water from the kitchen; they brought what the doctor and nurses ordered, thankful for each chance of action. Dan walked the floor, with a face like a death mask of agony. Just at dawn Lilith's baby was born, a little girl. . . . "Premature," said the Doctor. "Yes," Irene murmured. . . . One nurse took the baby in charge, while the other helped the doctor care for Lilith. . . . Irene watched Will's grim face for its unspoken message. He worked furiously—expert, silent, save for his barked orders. . . . At last he beckoned Irene into the hall. "She's sinking." "Oh, Will, is she dying?" "I think so. Let the others come now." . . . They came—Guinn, with his face distorted, aged in a few hours; Tina, trembling, and tearless, her large eyes burning in her white face; Dan, stunned, unable to comprehend the truth that the doctor told them. . . . Irene held the baby down close, beside the bed. "Lilith, darling, here's your little daughter." . . . One white hand strayed over the tiny face; one tear stole down. "Dan wanted a son," she whispered. . . . Dan leaned over her, shaken with anguish. "I want only you—only you!" . . . "Mother—you'll take care of my baby?" the dying voice faltered.

"Yes, yes." "Lilith, heart's darling, don't leave me!" Guinn sobbed, on his knees beside her. . . . She smiled, a strange, remote smile, as if she had already left him. . . . The flickering pulse grew fainter, the breath lower and lower. Then Lilith turned her eyes from father, husband, child. "Mother!" she cried. . . . And with her stepmother's arms about her, her voice in her ears, Lilith fell asleep—as when those arms had clasped her on the first night of her life. . . . When she heard Sheba stirring about in the kitchen, early, Irene went down. . . . As she passed through the dining room she heard one of her wailing songs: "Done sold my soul to de debil, in de turpentine woods alone; Sold it for conjure power, An' my heart turned to stone! When do I have to pay, Lawd? How soon do I have to pay?" . . . Sheba gave a start as her mistress entered the kitchen. "Who been rampagin' round in my kitchen—getting things out o' place?" . . . Sheba lived in her own cabin in the back yard, so the upheaval that the house had known had not come to her attention. . . . "Miss Lilith's baby was born last night—a little girl," she explained in a dead voice. "And Miss Lilith died." . . . Sheba seemed about to crumble to pieces, as unsure of her vitality as a mountain in an earthquake. Her face was awe-stricken, blue-lipped, with the peculiar grayish pallor that very black negroes show in extremes of terror, or in the throes of death. . . . Irene put out a hand to steady her. "It's knocked us all up," Poor old Sheba, so devoted to the family that she felt the blow as keenly as any one of them—and she'd thought the sullen old thing had disliked Lilith! . . . Sheba staggered to a chair, put her head in her hands and bent over, rocking herself to and fro. . . . So it was Irene who got the breakfast, set the table and summoned Guinn and Will to have a

cup of coffee. Guinn would go to pieces if he didn't have something to give him strength. . . . Upstairs the nurses were busy with offices for the dead. The telephone jangled, and she could hear Pat answer it, stumbling over the message she found hard to say adequately, but her childish treble thrilled at being the bearer of such dramatic news—home-coming, birth, death, all in one burst of words. . . . "Father can't come to the phone now, because Lilith came home last night. . . . Yes. . . . And she had a little baby. . . . Yes. . . . And she's dead!" . . . Dan had sunk into an exhausted sleep, and Tina was locked in her room. Only Guinn and Will Lundy were with Irene at the breakfast table. She poured coffee for them, urged them to eat. . . . "Take some food, man," said Will. "You'll need something to keep you from collapsing under the shock." . . . Suddenly the dining-room door opened and Miss Mattie walked in. "What can I do?" Her practical tone was like a cool poultice on a fevered wound. . . . "There's everything to do," said Irene. "Take off your hat and stay by me." . . . Miss Mattie removed two long pins from her black straw toque and jabbed them through again and after she had taken off the hat, as if she would work off her nerves in that way. . . . She had scarcely sat down on the edge of her chair, awaiting instructions, when the dining-room door opened again, and Abby Whitaker appeared. . . . "Howdy do, Irene?" she said. "Howdy do, Miss Mattie?" . . . Then she surged over to Guinn with outstretched hands. "Oh, my dear, poor pastor, what can I say to you?" . . . He struggled to his feet, shook hands with her, and motioned her to a chair. . . . "It's a hard blow," he said. "I haven't got a grip on myself yet." . . . "Miss Mattie, if you and Abby will go into the living room, I'll be in in a moment," said Irene. . . . (To Be Continued).

ROOSEVELT

The roller skating party met Thursday night at Pine Center hall. All enjoyed the evening in skating. After the skating Mrs. Ernest Brand had a birthday supper for their son Walter.

The benefit dance that was held at Pine Center Saturday night was quite well attended considering the bad roads.

Mrs. Wickstrom left Friday for Chicago on an extended visit. Mr. and Mrs. James Coffield, Miss Ruby Coffield, John Viet of Esdon, attended the dance at Pine Center Saturday night.

Louis Schellin and Archie Coffield were Brainerd business callers Friday morning.

Mr. and Mrs. Frank Saude were in Brainerd shopping Friday.

Alex Cash sprained his back and had to go to Brainerd for treatments. Mr. and Mrs. Will Marohn were in Brainerd shopping last week.

Clause John bought a cow at the Andrew Tollefson sale Friday.

We began to think last Thursday that winter was here again when we had a heavy snow storm, about eight

inches of snow, which made the roads bad again. Louis Schellin hauled the cow Saturday for Clause John.

Archie Coffield dragged the county road Monday.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderly at night. Next day bright. Get 24 for 25¢ today at the nearest Rexall Drug Store, Johnson's Pharmacy and Economy Drug Company.
